**Subject:** Resending February Monthly Log Activity Report

FYI Regarding the conversion of the TO#0037 to TO#0042 there are 14 February TDF numbers that are associated with January TDF activity. If you would pull the February activity, these 14 would be duplicates of the January activity. I overlooked 2 of the January 2012 TDFs on the February Monthly Log Activity report I sent earlier. Therefore I have adjusted the samples done in February number to 852 instead of 886.

Sorry for the oversight.

Sincerely,

Judy Battee
